COLLEGE PREPARATORY

## Mission

The mission of KIPP San Francisco College Preparatory is to prepare all our high school students with the academic skills, knowledge, and strength of character to succeed in college and in the competitive world beyond. Through a rigorous college-prep curriculum that emphasizes critical thinking, analytical writing, and public speaking, students will be empowered to take ownership of their own education, careers, and achieve success not only as students, but also as active citizens engaged in their communities.

## KIPP THROUGH COLLEGE

KIPP is unique in that we support our students to and through college. We provide structured support focused on college readiness, persistence, and completion until the day alumni receive their college degrees. Services include: college visits, one-on-one college advising, financial aid workshops, academic advising, career and technical education advising, college transition support, and internship and mentorship opportunities.

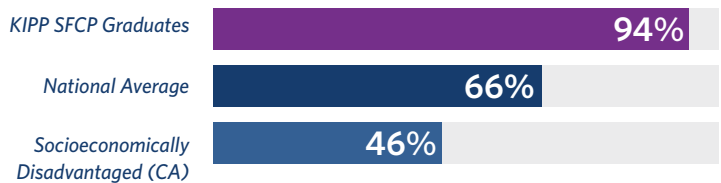

**83%**

**Our students are going to college. 83% of KIPP Northern California eighth grade completers are matriculating to college, compared to 66% of students nationally.**

**4x**

**KIPP alumni are going on to lead choice-filled lives. Our alumni are over 4x as likely to graduate college as their peers.**

## Students Who Matriculate to College

\* As measured by the 2019 Smarter Balanced Assessment Consortium (SBAC). Due to COVID-19, the SBAC was not administered in 2020.

## WHAT IS NEXT FOR KIPP

As we continue to build out TK-12th grade schools in our current communities and launch new schools in Stockton, we're investing even more in teacher training and coaching, strengthening family and community engagement and advocacy, and building positive school cultures that foster a sense of identity, community, and belonging.
